## FEBRUARY IS HEART HEALTH MONTH!

# CHIEF & COUNCIL UPDATE

February 20, 2026

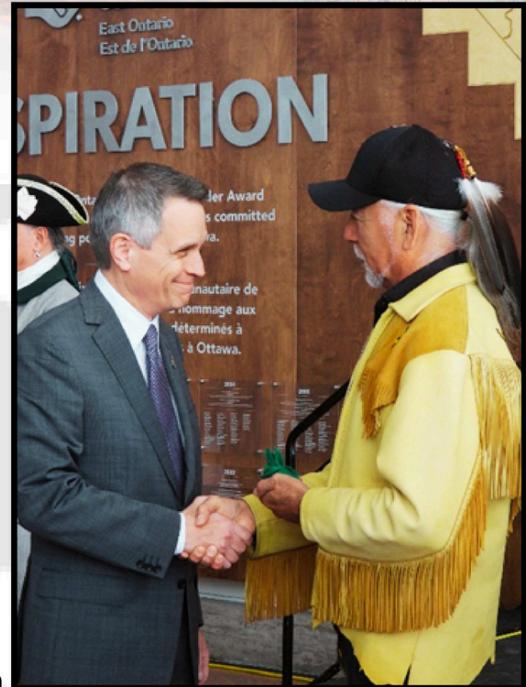

On February 17, 2026, the City of Ottawa celebrated Heritage Day 2026, celebrating 200 years since the founding of Bytown, which would later be renamed Ottawa. The event was held at City Hall and Chief Greg Sarazin was there representing Pkwanagan.

This year's theme is, "Voices of a City: *Celebrating Two Centuries of Collective Histories and Local Heroes.*"

Speaking from the podium and addressing all of the dignitaries, including Mayor Mark Sutcliffe and the Ottawa City Councillors Chief Greg Sarazin stated, "We are gathered here to celebrate Heritage Day 2026, and the 200<sup>th</sup> anniversary of Ottawa." And "I wish to remind you, that the history of this place, stretches back far beyond 200 years. The lands we are now on have belonged to the Algonquin Nation since time immemorial, and today, these lands remain unceded and unsurrendered."

*"These lands continue to carry our stories, our responsibilities, our rights and the spirits of our ancestors. Recognizing heritage means recognizing First Nations presence—not just historically, but today and into the future."*

The rivers, forests, and cultural landscapes that define Ottawa today, have sustained Algonquin communities for countless generations.

# February is Heart Health Month!

February is Heart Health Month, a time to focus on caring for your heart and reducing your risk of heart disease. Small, everyday choices can make a big difference in keeping your heart strong and healthy. By staying active, eating well, managing stress, and knowing your numbers, you can support your heart now and for years to come. Prevention starts with awareness, and it's never too early—or too late—to take steps toward better heart health.

Take steps to protect your heart:

- Eat a balanced diet with fruits, vegetables, whole grains, and lean proteins
- Stay active – aim for at least 30 minutes of movement most days
- Avoid smoking commercial tobacco and limit alcohol intake
- Know your numbers: blood pressure, cholesterol, and blood sugar
- Manage stress through relaxation, mindfulness, or social connection
- Get enough sleep each night
- Manage chronic conditions like diabetes and high blood pressure
- Your heart works hard for you – take time this February to care for it!

## Tips on taking your blood pressure at home:

### How to Check Your Blood Pressure at Home:

- Sit quietly for 5 minutes before taking your reading
- Keep both feet flat on the floor and sit upright
- Rest your arm on a table so it is at heart level
- Place the cuff on bare skin, not over clothing
- Avoid coffee, smoking, or exercise for 30 minutes before
- Try to check your blood pressure at the same time each day

### What Your Numbers Mean

- Normal: around 120/80
- Elevated: 120-129 / 80
- High: 130/80 or higher

### Why Blood Pressure May Be High

- Stress or pain
- Eating too much salt
- Not enough physical activity
- Being overweight
- Smoking or drinking alcohol
- Family history

### When to Get It Checked

- If your readings are often 130/80 or higher
- If you have headaches, dizziness, chest pain, or shortness of breath
- If you are unsure how to use your monitor or understand your numbers

If you have any questions you can reach out to our Chronic Disease Management Nurse Taylor Murphy: 613-625-2259 ext 232
