# February is Heart Health Month!

February is Heart Health Month, a time to focus on caring for your heart and reducing your risk of heart disease. Small, everyday choices can make a big difference in keeping your heart strong and healthy. By staying active, eating well, managing stress, and knowing your numbers, you can support your heart now and for years to come. Prevention starts with awareness, and it's never too early—or too late—to take steps toward better heart health.

## Take steps to protect your heart:

- Eat a balanced diet with fruits, vegetables, whole grains, and lean proteins

THIS NOTICE IS FOR HOME CARE PROGRAM CLIENTS WHO RECEIVE SNOW REMOVAL SERVICES.

Snow removal is completed using a priority system. Clients with serious health concerns, medical appointments, emergency needs, and ramps are serviced first, followed by high-risk clients and then all remaining clients.

We are currently supporting a high number of Home Care clients with a small team. Depending on snowfall amounts, snow removal may be limited at first and completed in stages.

Should a client's health condition change, please contact the Home Care team at 613-625-1230

Thank you for your ongoing patience and understanding.
