## A MESSAGE FROM CHIEF WENDY JOCKO

Dear Members of Pikwakanagan,

This week, I was asked to join North Algona Wilberforce's virtual Canada Day celebrations. The video will be posted on Facebook soon. In the meantime, here is the transcript of the speech I read:

Dear friends, on behalf of the Algonquins of Pikwakanagan First Nation, Miigwetch, thank you, and merci beaucoup for the invitation here today.

I would like to extend warm greetings to our Youth, Knowledge Keepers, Veterans, Mayor Brose, Chiefs, Delegates, and citizens participating in this virtual Canada Day Celebration.

You might hear people say that Canada is turning 153 years old this year. What this really means is that we are celebrating the 153rd anniversary of the Constitution Act of 1867, which established Canada as a country.

On this day in 1867, Indians and lands reserved for Indians became within the jurisdiction of the Federal government. This made the Algonquins of Pikwakanagan the responsibility of the federal government when the reserve was established six years later in 1873. The legacy of this jurisdiction is still very much felt in Pikwakanagan today.

In actuality, this place is a whole lot older than 153 years! Long before European settlers arrived, this land was inhabited by Indigenous people. In fact, we have been living in the place we now call Canada for at least 12,000 years. Today, there are almost 2 million people in Canada identified as being of First Nations heritage. There are 634 First Nations in Canada, speaking more than 50 distinct languages.

As many of you are hopefully aware, the history of Canada and First Nations is not what has been taught to you in schools, in literature and on television. The cultural genocide of Indigenous people in Canada is a dark chapter in Canadian history. Only recently has the true history become part of our curriculum and consciousness. As we are now in the era of Truth and Reconciliation, Canada's true history with First Nations must come to light so that we can reconcile and build equal, respectful, and prosperous, nation-to-nation relationships.

If you are able, please take time today to learn about us, your neighbors and the many events over the last 153 years that shape us today. For the Algonquins, historical grievances are written in a series of petitions, letters and speeches dating back to 1772. All of these are now manifest in the modern-day treaty negotiations, which are an opportunity to redress some of these grievances.

Despite the darker chapters of Canada and First Nations history, Algonquins and other Indigenous people have fought alongside Canadians in every major conflict from the War of 1812 to the current day. I am a descendant of many warrior's past and a veteran myself. Ours is a complex history that few know completely. We see only the modern-day outcomes of this history and know that there are still injustices that result in the continued oppression of Indigenous people in Canada. In fact, many of our warriors past returned to Canada to fade into abject poverty and obscurity.

Recently, in response to a call from the Bank of Canada, there is a movement to make Tommy Prince, an Indigenous war hero, one of Canada's most decorated First Nations soldiers the face of the new \$5 dollar bill. Tommy Prince was a residential school survivor and a veteran of the second world war and the Korean war. When he returned, to Canada he was not able to vote and sold his 11 war medals to survive. Tommy Prince's story is one of many injustices and tragedies of this country. I hope you will join me in supporting his candidacy for the honor of the face on our \$5-dollar bill. It is a small gesture in comparison to his sacrifice, supporting initiatives like this is a way that Canadians can take an active role in reconciliation as a part of your Canada Day festivities.

Miigwetch, Thank You, Merci Beaucoup to all those in Algonquin Territory, the Provinces, and the Country.

### PANDEMIC STRESS AND LIVING WITH DIABETES

Living through a pandemic is not something any of us expected to be doing in 2020. Along with the fear of the virus itself, there is the uncertainty of when this will all be over. This creates a new kind of stress in our lives. For myself, I worry about my loved ones that I can't visit in person. I worry about my children who aren't able to go to school or see friends. I worry about my friends who own small businesses that have been closed for months now. I wonder when we can all go back to our regular routines and how the world might look after the immediate threat is gone. Stress affects us all and during this difficult time it's become heightened for many of us. For those of us living with Diabetes, increased stress can lead to diabetic complications if we do not act.

Our bodies respond to stress through a 'flight or fight' response. It signals the liver to add more sugar into the blood stream for use as energy. If there is no insulin to take up the sugar, we are left with high blood-sugar levels. Short term stress can therefore lead to temporary high blood-sugar. Long term stress can keep that blood-sugar level high for a long time. This can then lead to diabetic complications such as blindness, or loss of limbs.

There are many things we can do for ourselves to decrease the stress that we are currently living with. I encourage you to try one or more of these techniques to help you.

- Muscle relaxation techniques: tightening your muscles and holding them then relaxing them. <https://www.verywellmind.com/how-do-i-practice-progressive-muscle-relaxation-3024400>
- Breathing exercises: take a long deep breath in, hold it and then slowly breath out. <https://www.healthline.com/health/breathing-exercise#pursed-lip-breathing>
- Physical activity: a walk in the sunshine and wilderness, yoga, swimming, biking, gardening.
- Creative art therapy: music, dancing, crafts... <http://www.ahf.ca/downloads/healing-through-creative-arts.pdf>
- Talking with a friend: either through an online app or 6 feet apart in person, maybe take that walk with them.
- Reaching out to an elder in the community for guidance.
- Reaching out to the mental health team in the community. <https://www.algonquinsofpikwakanagan.com/mental-health-services/>

Practice your relaxation techniques at least once a day.

For one week, when you record your blood sugars, also record how you are feeling at the time and what you're thinking about. The next week, plan to practice your relaxation techniques before taking your blood-sugar levels. Record these levels at the same time every day. Compare the weeks and if you have been under stress, you should be able to see how stress will affect your blood-sugar levels and how important it is to manage your stress.

### BEAR SIGHTING IN COMMUNITY

A bear has been spotted in our Community. Please be aware of your surroundings. **DO NOT APPROACH**

Call the toll-free Bear Wise reporting line at [1-866-514-2327](tel:1-866-514-2327) (TTY [705-945-7641](tel:705-945-7641))

## **RENFREW COUNTY CRIME STOPPERS**

### **Cash Reward Program**

Crime Stoppers is a partnership of the public, the police, and the media, which provides the community with a proactive program for people to assist the police in solving crime, earn a cash reward for information & **remain forever anonymous.**

### **How To Take Action**

#### **A simple phone call...**

When a “Tipster” calls either the 24-hour toll-free 1-800-222-TIPS (8477) or local telephone number, an operator will collect as much information as possible about the crime being reported. Most times, this is the one & only chance to get as much information as possible and the operator is trained to assist, while gathering important details. Each caller is treated with respect and assured total anonymity. The operator will never ask for the caller’s name or any identity information.

#### **Crime Stoppers does not have Caller ID.**

At the end of the call, the tipster is given a secret code number and asked to call back in a few weeks. This allows time for the police investigators to do their job. Later, when the caller repeats the secret code number the operator will tell the amount of the cash reward and how to get the cash reward from one of the secret locations conveniently scattered throughout the Ottawa Valley.

#### **Online submissions are easy too**

When the tipster has completed the Crime Stoppers online form and presses SUBMIT, he or she will be able to see a secret code number that must be used for future inquiries about the cash reward. The form is actually submitted directly to an independent third-party, not to any police or Crime Stoppers organization. Crime Stoppers is sent the tip **only after** the secure servers have automatically stripped (removed) all Internet ISP and traceable pathway data.

#### **Claim your cash reward**

After an arrest and/or charges, the tipster is eligible for a cash reward of up to \$2000.00. Crime Stoppers is the only organization that quickly pays a cash reward when charges are laid and does not base cash rewards upon convictions. Each month the local Board of Directors of Crime Stoppers meets to discuss the current tips and charges. Each tip is fully reviewed and the amount of the cash reward is determined based upon the seriousness of the crime and the value of the tip. While there are cash reward guidelines, the Board of Directors may award larger cash rewards based upon the tip’s accuracy, severity of the crime, the number of charges laid or persons arrested and importantly, fairness to the tipster.

#### **Follow Up!**

As stated, it is the caller’s responsibility to contact Crime Stoppers after the monthly meeting of the Board of Directors to find out how much the cash reward is and how to get it, secretly and anonymously.

#### **We have absolutely no way to contact the tipster.**

Crime Stoppers are interested in all serious crimes, including assault, battery, homicides, missing persons, robbery, burglary, break and enter, arson, theft, damage to property, wildlife poaching, illegal hunting, cruelty to animals, illegal drugs, drug trafficking and crimes against children; internet, luring and pornography.

**TIPSTERS ARE NEVER REQUIRED TO ATTEND COURT AS A WITNESS**

## STATUS CARDS DURING COVID-19

In response to questions received from First Nations members, citizens, and stakeholders, Indigenous Services Canada is proactively sharing information to ensure that registered persons with a status card can access programs, services, rights and benefits during the COVID-19 Pandemic. All ISC offices for Indian Status and Secure Status card applications are closed until further notice.

Processing times, including return of original documents, are delayed. In light of these circumstances, ISC is recommending to services providers that they should accept status cards or Temporary Confirmation of Registration Documents past the renewal date with a second piece of identification. ISC will be reaffirming to businesses and service providers that Indian status does not expire, and that the registration number provided on these documents remains the same and is what is required to confirm eligibility for programs and services.

It is recommended to share this notice with your members, so that they have a copy accessible to them to show services providers in the event that are difficulties. For more information, please visit Coronavirus (COVID-19) and Indigenous communities or email the Public Enquiries Contact Centre.

## Did you know that Renfrew County is located on the traditional and ancestral lands of the Algonquin - Anishinabek People?

The Algonquins have lived along the Ottawa River (Kitchissippi River) and surrounding areas for thousands of years. The Algonquin people were known for their sophisticated societies, rich culture, a deep connection to the land and the leadership provided by their many elders. The Algonquin people are an integral part of local culture, society and history here in Renfrew County and The Ottawa Valley.

To view traditional and ancestral lands across Canada, we would encourage you to visit **Native Land** [here](#).

For more information on the **Algonquins of Pikwakanagan First Nation** (located in Golden Lake), please visit their webpage [here](#).

And for further details on Algonquin culture and history, please visit the **Algonquin Way** [here](#).

## Madawaska River volunteers needed

Ontario Power Generation (OPG) is seeking new members to join the Standing Advisory Committee (SAC). This team is responsible for advising, monitoring, and implementing the Madawaska River Water Management Plan.

Comprised of local stakeholders, residents and Indigenous community members, the SAC represents diverse interests related to the Madawaska River. Meetings are held four times a year.

OPG is looking for an Algonquins of Pikwakanagan First Nation member to join the SAC team. Those interested in being part of this team are invited to submit a written expression of interest by **July 31, 2020**.

Your submission should outline your knowledge of, interest in, and perspective on water management on the Madawaska River system, as well as experience resolving issues and forming effective partnerships with groups and organizations.

INSPIRE. EMPOWER. ACHIEVE.

We would like to acknowledge that these lands are the traditional, unceded territory of the Algonquin Anishinaabe people.

We also recognize the enduring presence of all First Nations, Métis and Inuit peoples in this area.
