Facebook : Algonquins of Pikwakanagan First Nation

Kwey, Hello, Bonjour,

I paid a visit today to our Algonquin Veterans Warrior Memorials site, located within our Pow Wow grounds and nestled close to the shore of Golden lake. The Veterans Warrior Memorials are dedicated to all Algonquin Warriors who served Canada during War and Peace and you will see their names listed on each memorial. The list is not complete we are endeavouring to identify all Algonquin Warriors to make sure their names are remembered for eternity.

I have always been interested in Military history ever since I was a young child, I find it extremely fascinating. I am particularly interested in our Algonquin Veteran Warriors History and our involvement in various military campaigns.

I would like to share a story with you if I may. My family comes from a long line of warriors with a long history of military involvement. My great grandfather times six was Constant Pinesi of the Partridge Band he was the son of Chief Wamboak. Grandfather Pinesi fought for the British during the War of 1812, and by 1830 he was the Grand Chief of the Algonquins which included 264 families.

Grandfather Pinesi's hunting territory was centred at the confluence of the Rideau and Ottawa Rivers. In his later years he lived on the Madawaska River within the Ottawa Valley. Sadly, grandfather Pinesi and his wife died on 13 August 1834 during the cholera epidemic which claimed more than 55 thousand peoples lives at that time.

During World War I, my uncles and great uncles along with all but three Algonquin Warriors from Pikwakanagan fought overseas in France and Europe from 1914-1918. At the end of the War the Spanish flu broke out killing more than 40 million people. At the same time tuberculosis was carried back by many infected soldiers returning to Canada and to the United States. For some reason tuberculosis is a neglected topic in historical epidemiology, 1.5 million deaths have been associated with this disease since the first recorded pandemic.

During World War II which lasted from 1939-1945, my father along with five of his brother two sisters, sister-in-law and my own mother joined the war effort as did many Algonquin Warriors at that time. During World War II and the Korean War 1950-1953 countless influenza pandemics were recorded worldwide claiming many lives. Algonquin Warriors fought for the USA during the War with Vietnam 1969-1972 when the 1969 Hong Kong Flu killed an estimated one million people worldwide. All Warriors faced many battles which also included the monumental epidemics of alcoholism and drug addiction.

As a result of worldwide pandemics many lessons have been learned from history regarding strategies for containment for the spread of disease. As we know Covid-19 is a serious health threat, and the situation is evolving daily. The risk will vary between communities and within communities. The lessons learned from past pandemic situations is to use tried and true [health measures such as self isolation and physical \(social\) distancing](#).

I am the Seventh Generation in Grandfather Constance Pinesi's line as I am sure some of you are as well. The Seventh Generation Principle is based on an ancient philosophy that the decisions we make today should result in a sustainable world seven generations into the future.

Many of us have already given life to the start of the next seven generations through our own children and grandchildren. We must remember the decisions we make today are for our children, grandchildren and for their next seven generations, and to ensure the survival of our great nation. Though at a time like we are experiencing now it is normal to feel sad, stressed, confused, scared or worried, remember that you are not alone.

Continued on next page...

We are all Warriors in this COVID-19 pandemic situation. Wellness-Warriors, and we are saving our own lives, we are in this battle together, soldiering on. We can, and we will WIN this battle if we stick together, while staying apart, and do our part and follow the health measures prescribed such as self isolation and physical (social) distancing.

Our Veteran Warriors are gone but not forgotten:

Kida madji-gig teyesh

Ishkose-yang tash kidji apitizing

Kan Kida kawi-tamosig ondje apitiziwin

Ashidj endaso-pibonagak Kidji pagide-nimang

Apich pang-ishimodj kizis

Ashidj kigije-bawagak

Kiga mamidonenimigom

Kiga mamidonenimigom

They Shall grow not old, as we that are left grow old

Age shall not weary them, nor the years condemn

At the going down of the sun and in the morning

We will remember them

We will remember them.

Video to follow please see link.....! <https://youtu.be/NFQCPEM9Y0k>

COVID-19 - UPDATES

April 30th, 2020 by Brittany Martin, CHN/Pandemic Advisor

PIKWAKANAGAN FIRE & RESCUE

Level 2 Fire ban in effect starting Tuesday April 7, 2020 until further notice

#pikfirerescue

FLOODING

If you are experiencing flooding issues: bags, ties and sand are available between Pikwakanagan Fire Hall & the community post office boxes. Due to COVID-19 individuals will have to fill bags themselves. Please bring your own shovels. Ensure that if you have help, safe distancing protocols are followed. Call Jan Leroux at 613-434-2353 for bags & ties if needed.

PUBLIC WORKS

For issues pertaining to Public Works, call Selena Roesler at (613) 717-2770

HEALTHY BABIES, HEALTHY CHILDREN (HBHC) HAS EXPANDED:

Are you a family with children ages 0-6 years or are pregnant, please contact the Community Health Nurse for Food/ Essentials Vouchers and support. Provide your name, children's name and age, address and a contact number. chn@pikwakanagan.ca

PANDEMIC-COMMUNITY SAFETY MEASURES

- STAY HOME
- Limit errands to once a week (errands should **only** include groceries & medicine)
- Wearing non-medical masks is a measure you can take to protect those around you.
- If you are over 65 OR have other health issues, ask someone to drop off groceries to your door.
- If a person does not live in your home they should not be coming to your house.
- Wash hands often with soap and water for at least 20 seconds. Use hand sanitizer if soap and water is not available.
- To Clean Surfaces: Use soap and water, normal household cleaners OR Mix 5 Tablespoons of bleach with 1 Gallon of water. Keep surfaces wet with solution for several minutes before wiping.

If you are feeling sick do not leave your house unless it's an emergency. If it is an emergency call 911. If you suspect COVID-19 contact RCDHU at 613-735-8654, OR Contact your primary care provider by phone.

Let's Talk About Masks!

- ✓ Non-medical masks may help protect others around you
- ✓ They offer protection, especially when physical distancing is hard to maintain
- ✓ Wearing a non-medical mask is NOT a replacement for physical distancing, hand washing, and monitoring your health
- ✓ Wearing a non-medical mask can increase your risk of infection if you touch your face more frequently

FOOD BANK AND SUPPORT

Call 613-639-1633

Monday to Friday (with the of exception of holidays) 8:30 am to 4:30 pm.

The purpose of the foodbank is to support community members with access to food that promotes healthier eating. It supports those that are self-isolating, especially our most vulnerable people.

We have a variety of food that includes: fruits, vegetables, milk, eggs, meat and bread.

The response to the foodbank has been positive, and we will continue with this service during the pandemic.

We extend our gratitude to all those that worked and are working with us during this time.

Thank you, Thank You, Thank You.

A few points to remember when calling in:

- ✓ Need your name, contact number, number of people in household, and your food needs.
- ✓ You will receive same day service if you call in am, if you call in afternoon you will receive a service next day.
- ✓ You need to call for yourself only.
- ✓ Need to be at home at the time of delivery.
- ✓ No after hour calls or messages will be accepted.

SHOPPING FOR COMMUNITY MEMBERS

Shopping for clients (using your own funds) is a service that is being provided.

Should anyone have any questions, concerns or want to share their experience with this service,
Contact Peggy Dick R.N., Supervisor Home Care
613-625-1230 or 613-633-0599
text messages are welcome!

FOOT CARE GIVE AWAY

613-625-2259 diabetic.navigators@pikwakanagan.ca

Footcare is an important part of diabetes maintenance. Unfortunately, with the new social distancing protocols we are currently living under, diabetics are not receiving the proper footcare that they need. I am putting together footcare packages for community members who are diabetic. Please email the diabetic navigator at diabetic.navigators@pikwakanagan.ca by May 6th to put your name down for this package. Please include your phone number and address in your email.. Packages will be delivered between May 8th and May 10th.

Natalie Mooy

CONWAY'S PHARMACY – REMOTE DISPENSING LOCATION PIKWAKANAGAN, HEALTH CENTRE

- Please contact your pharmacy for all prescription renewals.
- If the office is closed and you require assistance call 1-844-727-6404 to speak with a Nurse Practitioner or Doctor.
- 911 is always available for your urgent care needs.

YOUR HEALTH CARE DURING COVID-19

It's hard to believe that on March 13th, my family and I were still debating whether we should go ahead with our planned trip to Florida over March Break. So much of what we considered "normal" has changed in the last 6 weeks and we continue to adjust to the new "normal" living in a world with COVID-19.

Healthcare also looks different than it did six weeks ago. We wish to protect our clients and ourselves, and for that reason we continue to minimize the number of in-office appointments, reserving them for those that need a physical (hands on) assessment. We are introducing new technology and are having a good response to seeing patients virtually. Virtual appointments involve a video call from a healthcare provider to a patient so that we can see each other and address health concerns. We also use the phone to discuss health issues and many can be addressed by phone.

What has not changed in the past six weeks is that people continue to get sick, injured and have chronic diseases. We know that COVID-19 has dominated much of the conversation around health but as health care providers, we will continue to address ALL your health care needs. The Algonquins of Pikwakanagan Family Health Team remains open and there is a health care provider available Monday, Tuesday, Thursday and Friday. Phones are being checked for messages on Wednesdays. If you have a health care concern, whether it is new or ongoing, we want to hear from you.

There is also an after-hours and weekend health service that is available to all residents of Renfrew County. It is the Renfrew County Virtual Triage and Assessment Centre, known as "VTAC". This is a service that is staffed by healthcare workers that can be called with any health concern. Depending on your concern, you may be given advice, a prescription, you may be visited by a paramedic or you may be directed to the Emergency Department. The number to access this service is 1-844-727-6404.

Lastly, if you are having an urgent or emergent health concern, go to the Emergency Department. The Emergency Department is still open and available to anyone who needs it. If you are having chest pain or shortness of breath; if you are having stroke symptoms; if you have seriously injured yourself or if you have any serious health concern, you need to call 911 and be seen in the Emergency Department.

Our efforts to slow the spread of COVID-19 have been effective. Thank-you for your efforts in maintaining social distancing and reducing your time away from home. Together, we will get through this and while we face this challenge, we want to walk alongside you and ensure all your health care needs are being managed as best as they can.

Staying in, Reaching Out,

Derek Frew NP
