Public Health Alert

COVID-19 Variants of Concern February 18, 2021

Dear Members of Pikwakanagan First Nation,

As you are aware, COVID-19 Variants of Concern (VOCs) are circulating within Ontario. We are writing to you today to provide updated information and public health recommendations regarding COVID-19 VOCs.

At least one of these variants, B.1.1.7 (the "UK variant") is thought to be 30-50% more transmissible than those already established in Canada and there is some evidence that it can cause more severe illness, resulting in more hospitalizations and deaths. This variant can spread very quickly from people who do not know they have it (asymptomatic people) and can cause a rapid increase in cases in a short period of time. In January 2021, an outbreak of B.1.1.7 in a Barrie, Ontario, long-term care facility saw almost every resident of the facility infected.

More recently, this variant was detected during the week of February 8, 2021 in St. John's, Newfoundland, resulting in a lockdown and closure of workplaces, schools, and non-essential businesses to control the spread of this variant.

Given this evolving situation, we are making the following recommendations:

- **DO NOT VISIT OTHER PEOPLE'S HOMES**
- Indoor capacity is up to 10 people and should attempt to maintain to your own household and close family.
- Outdoors is up to 25 people and recommended to wear face masks.
- Wash hands often and practice good hygiene
- Cover your cough or sneeze.
- **IF YOU HAVE ANY SYMPTOMS** self-isolate and get tested.
- Wear a well fitting 3-ply mask that covers your nose, mouth, and chin (or medical grade mask) and practice physical distancing of 2-metres when out of your home to get essential supplies, groceries, medications, etc.
- Sanitize commonly touched surfaces.

These public health measures will help limit the spread of infection to community members and allow time for thorough case and contact management, testing of persons at risk of having been exposed, and determination of the extent of possible spread in the community.

The ERCCG will continue to monitor the COVID-19 Variants of Concern and are prepared to respond in the event of a case detected in Renfrew County or our Pikwakanagan community. This may include an immediate shutdown of the community if an outbreak occurs.

Please continue to follow public health measures. COVID-19 vaccine distribution is underway in Ontario; however, we must act now to prevent the spread of the virus and keep our communities safe.

Together We Can Do This.

Emergency Response Control Group

1657A Mishòmis Inamo
Pikwakanagan, ON K0J 1X0

Fax: (613) 625-2332

Over a million people worldwide have now had vaccines and there have been very few serious side effects.

"I am happy I took the vaccine. I want all my people to be vaccinated."

Annabella Metatawabin, 86 years old, and is the first long-term care patient from Peawanuck First Nation to get vaccinated.

Photo and quote courtesy of:
www.waha.ca/covid-19/vaccine

After Vaccination

Side effects

Most people have no side effects at all. Like other vaccines the COVID-19 vaccine can cause mild side effects such as: Pain, redness or swelling where the needle was given, mild fever, tiredness, and muscle or joint aches. These mild side effects go away on their own without treatment.

Until everyone is vaccinated, public health measures will continue to be necessary to minimize the spread of COVID-19 in Canada and save lives.

These recommendations include:

- Wash your hands,
- Stay home when sick,
- Maintain physical distancing,
- Wear a face mask as appropriate, and
- Keep using good cough and surface hygiene.

Together....

**Let's stop
COVID-19
one arm at a
time!**

**Get vaccinated to protect
yourself, your loved ones,
and your community.**

Talk to a health care provider in your community if you have questions about the vaccine.

Canada

Vaccine Safety

Q: I know these vaccines were developed quickly and that concerns me – were shortcuts taken?

No. Because it is a health emergency and because doctors and scientists worked together all over the world, the vaccines took less time to develop.

Tens of thousands of people volunteered to be in the studies for the vaccine. Health Canada reviewed and approved the vaccines according to high standards and no shortcuts were taken.

The vaccines that have been approved are very effective at preventing people from catching COVID-19 and getting sick. Vaccines for other infections like meningitis and polio have prevented millions of people from getting these diseases and have saved lives.

Mardeen Hill, Iroquois Lodge, Six Nations of the Grand River, receiving the COVID-19 vaccine.

Getting the Vaccine

Vaccines work by training your immune system to recognize a virus and stop it from making you sick. After you get the vaccine, if you are exposed to the virus, your body is ready to respond more quickly than if you hadn't had the vaccine.

Pfizer and Moderna, both require two doses 3-4 weeks apart.

Misinformation and Facts

MISINFORMATION: The vaccine is being tested on Indigenous Peoples.

FACT: No, the vaccine is not being tested on Indigenous Peoples. Large studies have already been done with the approved vaccines in Canada, in tens of thousands of people.

Indigenous persons are a priority because they are more likely than other Canadians to have health problems and are at risk of being very sick with COVID-19.

MISINFORMATION: People have had serious allergic reactions to the COVID-19 vaccine.

FACT: No. This has happened very rarely. It is important to talk to your nurse or doctor if you have ever had serious allergic reactions.

MISINFORMATION: I can get COVID-19 from the vaccine.

FACT: No. You cannot get COVID-19 infection from the vaccine. The vaccines do not contain whole live viruses so they cannot cause the infection.

January 29, 2021

What You Need To Know About The Covid-19 Vaccine

When will the COVID-19 vaccine be available?

Currently, only the Pfizer-BioNTech and Moderna COVID-19 vaccines are available for use in Canada. Supply chains are still be sorted out throughout the Country and Province and exact dates and timelines are still being determined.

The Pikwakanagan Pandemic Team is working with Renfrew County Public Health officials and developing our community vaccination plan. We are committed to updating you about the vaccine availability as information is confirmed.

Who will receive the COVID-19 vaccine?

Initial vaccine supply will be limited so not everyone will be able to be vaccinated right away. The COVID-19 vaccine will be given according to the provincial roll out priority listing.

Renfrew County Public Health Unit has prioritized Tennisco Manor (congregate living), high risk seniors and caregivers as a priority. The first clinic was January 29th, 2021. Pikwakanagan has received a limited supply of the vaccine.

Why should I get vaccinated?

COVID-19 vaccines are safe, effective and the best way to protect yourself and loved ones and your community from COVID-19 virus.

COVID-19 vaccines are one of the most effective ways to prevent the spread and reduce the impact of infectious diseases.

COVID-19 vaccine helps to build up your immunity to the virus, so your body will fight it off more easily if it affects you.

COVID -19 vaccine are an important tool to stop the spread of the COVID-19 virus and allow us to resume 'normal' life.

When a large percentage of the population becomes immune to COVID-19 it will slow down or stop the virus.

How is the vaccination given?

COVID-19 vaccines (such as the Pfizer-BioNTech and Moderna vaccines) are given in two doses, injected into a muscle in the upper arm.

Why do I have to receive two doses of the vaccine?

The first shot starts building immunity, but it is not enough for protection. The second shot given a few weeks later is needed to get the most protection from the vaccine. Until that time, it is recommended to follow all the public health measures (**continue to wash your hands regularly, stay home when sick, stay 2 metres apart, wear a face mask, and keep using good cough and surface hygiene, avoid gatherings**).

When is the second vaccine dose given?

The second vaccine can be given within 21-28 days but may be recommended for up to 42 days.

Does the second dose of the vaccine have to be the same vaccine I was initially given?

Yes. The COVID-19 vaccine products are not interchangeable; the second dose must be from the same manufacturer as your first dose.

Can I get COVID-19 from the vaccine?

No. The vaccines that are being used do not contain the live virus that causes COVID-19. This means that you cannot get COVID-19 infection from the vaccine.

Is the vaccine safe?

Both vaccines have undergone extensive clinical trials that tested for safety and efficacy. Ongoing studies on the vaccine indicate no serious side effects found to date according to Health Canada.

Can I receive the COVID-19 vaccine if I am pregnant or breastfeeding?

As pregnant or breastfeeding women were not included in the vaccine clinical trials, there is not enough data to know if the vaccine is safe for pregnant or lactating women and as such COVID-19 vaccine is not routinely recommended at this time.

Can I receive the COVID-19 vaccine if I am immunocompromised?

Persons that have HIV, taking chemotherapy drugs or other immunosuppressive medication or therapies should be counselled about the vaccine safety profile and efficacies related to them. Persons with such conditions should seek advice from their medical practitioner.

Can I receive the COVID-19 vaccine if I have an autoimmune condition?

Persons with an autoimmune conditions who have no contraindications to vaccination may receive a vaccine.

What are the common side effects?

Known side effects include one or more of the following symptoms: pain where the needle was given, redness and swelling, tiredness, headache, muscle pain, joint pain, chills, mild fever, swollen glands (less frequently). These types of side effects are expected and simply indicate that the vaccine is working to produce protection.

Symptoms of an allergic reaction include hives, swelling of your face, tongue or throat, or difficulty breathing. If you are concerned about any reaction you experience after receiving the vaccine, contact your health care provider.

What if I have a reaction, or an adverse event?

After receiving the vaccine, you will be asked to wait in the clinic area for 15 minutes or longer to be monitored for any adverse reactions. Severe allergic reactions such as anaphylaxis are rare and are most likely to begin shortly after receiving the vaccine. If you experience a severe allergic reaction after leaving the clinic, call 9-1-1 or go to your nearest hospital. Adverse Events After Immunization should be reported to your health care provider. This information is used to assess whether or not you should receive future vaccine doses and it helps to provide information about overall vaccine safety.

How effective is the vaccine, and when does the vaccine protection begin?

Based on manufacturer data, Pfizer-BioNTech's vaccine was found to be 94.6% effective against COVID-19 beginning 7 days after the second dose.

Moderna's vaccine was found to be 94.1% effective against COVID-19 after receiving two doses and 100% effective against severe COVID-19 disease.

Could I test positive for COVID-19 after receiving the vaccine?

No, not as a result of the vaccine alone. The vaccines won't cause you to test positive on viral tests.

Do I need to continue wearing my mask after I receive the vaccine?

Yes. While experts learn more about the protection that COVID-19 vaccines provide under real-life conditions, it is important for everyone to continue covering your mouth and nose with a mask, washing hands often, and staying at least 6 feet away from others. Building immunity takes time. Until vaccines are widely available for everyone to receive two doses, we must continue taking the necessary health precautions.

“Together, we can do this. To learn more about the best ways to protect yourself and others and or get the facts about vaccines please visit Canada.ca/coronavirus”

STANDING COMMITTEE OF COUNCIL, PUBLIC WORKS

Be a part of our communities groundwork for the future!

What is the SCCPW?

The Committee has the authority and the responsibility to make recommendations on all aspects of the Public Works Programs.

This includes:

- Housing
- Roads
- Garbage/Recycling
- & more!

By joining the Standing Committee you will get to have direct input in how you would like to see our policies created and programs run!

"The Algonquin "Vision" is of a People who are in control of their own destiny, both individually and collectively. Our citizens seek to contribute to the collective well-being, not to be it's dependents."

Have you ever looked around and thought you could improve our community?

Have an idea that should be heard?

Have an opinion you really want to voice?

We want to hear from you!

If you're interested in joining the Standing Committee of Council for Public Works and making a difference in YOUR community call, text or email:

Blaze Commanda

**Must reside on
the First Nation**

Call- (613) 625-2800 ext.247

Call/Text- (613) 639-3309

housing@pikwakanagan.ca

Kwey Pikwakanagan Resident!

As we move through 2021 we are working towards being friendlier to Mother Earth through proper recycling!

With this in mind, let us introduce you to your new Recycling Bins!

You can pick up your new bins:

Thursday, February 25th- 9:00AM-12:00PM

Friday, February 26th- 9:00AM-12:00PM

If you cannot pick up your bins in this time frame or are incapable of picking up your bins please contact:

Blaze Commanda, Housing Administrative Assistant-Trainee

(613) 625-2800 ext. 247

Put in this bin: Don't put in this bin:

-Newspaper
-Cardboard
-Paper Bags
& More...

-Paper plates
that had food on
them!
-Cigarette Butts
-Used Coffee

Put in this bin: Don't put in this bin:

-Rinsed plastic
bottles!
-Cans
-Yogurt/Pudding
Cups (rinsed)
& More...

-Thin plastic
(Cookie trays,
Cake trays, etc.)
-Plastic wrap/
wrappers
-Light Bulbs!
-Coffee cup lids

1 bin per household

Limited to on-reserve.

Each household will receive one of each bin colour. It is the household's responsibility to ensure the bins are stored safely and the bins are maintained and remain undamaged. If damage does occur to your bin you may purchase a replacement bin for \$5.00. Due to lack of bins households may only purchase one replacement bin.

If you require a replacement bin you must call the Public Works Department at the Administration Office.

5 Skating Clinics are coming your way....

There will be a skating clinic for all Pikwakanagan children in Kindergarten to Grade 8 beginning **Thursday, February 25, 2021 at the Eganville Arena.**

The Skating Clinic will be supervised by Kerry, Natasha, and Coach Adam Bernard from 4:30 to 5:30 p.m.

The Pikwakanagan Skating Clinic schedule is as follows:

Thursday, February 25—Eganville Arena 4:30-5:30 p.m.

Thursday, March 4th—Eganville Arena 4:30-5:30 p.m.

Thursday, March 11—Eganville Arena 4:30-5:30 p.m.

Thursday, March 18th—Eganville Arena 4:30-5:30 p.m.

Thursday, March 25th—Eganville Arena 4:30-5:30 p.m.

All children will be required to have skates and a helmet, if your child/children are interested in coming out to learn to skate or enhance basic hockey skills and don't have skates or a helmet please contact Kerry or Ryan at 613-625-2682, we may have skates and a helmet on hand to fit your child!

All children must wear a MASK inside the arena until they go onto the ice!

You can send a skating backpack containing their skates/helmet on skating clinic day with your child to school or you can drop off a skating backpack at the Makwa Centre by 2:30 p.m. on skating clinic day!

If your child attends E.D.P.S either Kerry or Natasha will meet the children outside the school to walk to the arena on skating clinic days at the end of their school day!

If your child attends St. James unfortunately parents will have to make arrangements to have their child dropped off at the rink by 4:20 p.m.!

Parents are more than welcome to pick up their child/children and bring them on your own as well!

IT IS THE PARENT'S RESPONSIBILITY to PICK UP YOUR CHILD BY 5:30 P.M.

at the Eganville Arena after the clinic is done! There will be NO rides offered to any children so please be prompt as they cannot sit inside to wait as the rink must be sanitized before the next booking!

REGISTRATION FORMS MUST BE COMPLETED FOR THIS NEW ROUND OF SKATING!

Please contact the Makwa Centre at 613-625-2682 to arrange a time to complete the registration form and sign the permission form.

COVID-19 TESTING

Pikwakanagan Family Health Team continues to offer Covid-19 testing.

Testing is by appointment ONLY

Please contact: 613-625-1175

OTTAWA PUBLIC LIBRARY – LIBRARY AND ARCHIVES CANADA

JOINT FACILITY

Indigenous Public Art summary

Curator of Indigenous Art, Dawn Saunders Dahl has been working with the Ottawa Public Library, Library and Archives Canada (OPL-LAC) Joint Facility Project Team to develop a series of opportunities for Indigenous Public Art in the new facility.

Five [Calls to Artists](#) have been launched, which reflect a range of artistic mediums and experience and ensure that Indigenous artists will see themselves and their artwork in this facility.

There are two virtual Information Sessions being held in early March for interested applicants:

Virtual information sessions

Join the project's Curator of Indigenous Public Art, Dawn Saunders-Dahl and members of the Ottawa Public Library – Library and Archives Canada Joint Facility Project Team to learn more about the [Indigenous Public Art Calls to Artists](#). These session will be an opportunity for interested applicants to learn more about the development of proposals and to consult with the Curator of Indigenous Art, Project Team, and City of Ottawa Public Art Program.

- **When**
 - Tuesday, March 2, 6 to 7:30 pm (eastern standard time)
 - Thursday, March 4, 2 to 3:30 pm (eastern standard time)
- **Duration:** 90 minutes
- **Where:** The sessions will take place on Zoom.

RSVP: [Please register your interest](#)

Library and Archives
Canada

Bibliothèque et Archives
Canada

Public Art Calls: Local Indigenous Artists

Indigenous Multi-Purpose Room / Childrens' Reading Room

Exterior Glass Frit and/or Interior Film Design

Selected artist and/or artist teams will consult with an Indigenous mentor, (to be selected), throughout the design development, fabrication and installation processes. A combination of options for installation within the multi-purpose room and/or childrens' reading room including artwork installed on the doors for the space and/or the exterior walls directly outside of the room, furniture design, pattern for ceiling fabric panels, stone mosaic pattern in the floor. Other options as presented by the artist will be considered.

Design options include a 2D visual art or craft as a repeating pattern to create an opaque design enhancement. Designs should identify the window surface for both exterior (bird-friendly), and interior spaces.

Public Art Calls: Local and National Indigenous Artists

Exterior Pillars

Permanent artwork placed on pillars located within the exterior of the facility. The art installation opportunities include: glass or tile mosaics, low relief sculpture, wood or metal engraving.

Exterior Sculpture Installation & Interior Pimisi Entrance

A permanent installation, sculpture and/or planting located within the exterior garden/pathway areas located on the north west plaza OR the second-floor terrace.

An opportunity for a 2D/low-relief artwork installation and/or video/film/animation projection to be located on a two-story high interior wall within the Pimisi entrance lobby.

Mentorship Call

The City of Ottawa Public Art Program is seeking an experienced and highly motivated Indigenous mentor to provide mentorship for a local artist(s) (TBC) for the OPL-LAC Joint Facility. The mentor will work collaboratively with the Indigenous Curator and Ottawa Public Art staff for a coordinated approach throughout the process. The mentor must bring a high level of conceptual ability and innovation to the mentorship process and be well versed in local Indigenous art practices and cultural protocols.

Direct Purchase – Inuit artists

Interior Sculpture

The City of Ottawa Public Art Program recognizes the Inuit art community residing in Ottawa, and invites Inuit emerging, mid-career and senior artists and/or their representatives to offer existing artworks for direct purchase. Artwork will be mounted on a free-standing base to be positioned within the main floor gathering space or other interior location as appropriate.

General information

- Specific sites and budgets are subject to change.
- Images, dimensions and materials of listed locations will be provided in the calls.
- All calls include Land Acknowledgement: Honouring First Nations, Inuit and Métis Nation peoples, specifically referring to Algonquin Anishinabeg community. Also included will be information about the City of Ottawa Public Art Program, and specific details about the facility.
- Call requirements include that applicants show sensitivity to the surrounding Algonquin community. We encourage applicants to tell a story and consult with the local Algonquin Anishnabeg communities to develop their proposals.
- Calls will include the option that other sites/opportunities proposed by the artist will be considered.
- The selection committees will include voting Algonquin Anishinabeg representation.
- As the Joint Facility will house Library and Archives Canada, it is important that there are call opportunities open to all Canadian Indigenous artists (local artists are also encouraged to apply to these calls).

**MODERN
NIAGARA**

Design. Build. Service.

Project Coordinator and/or Tradesperson For Modern Niagara Zibi Project Team

Modern Niagara helps build and maintain the spaces where Canadians live, learn, work, and heal by meeting the mechanical, electrical, and building controls and services needs of Canada's infrastructure. We value passion, initiative, determination, professionalism, and teamwork and we are committed to ensuring that our teams have everything they need to succeed. Health and safety are embedded in everything we do and, as a result, our award-winning safety culture has a record that's well above industry standards.

At Modern Niagara, you will work alongside values-driven, safety-conscious, and high impact teams in a fast-paced, innovative, and collaborative environment. Here, your knowledge, skills, and excellent service will help ensure that the buildings that make up Canada's infrastructure fulfill the needs they were set out to meet.

Modern Niagara is one of Canada's Best Managed Companies and is a recipient of SMACNA's Safety Excellence Award Program (SSEAP) – Canada and the Canadian Occupational Safety (COS) Magazine's Canada's Best Health + Safety Culture Award and Canada's Safest Employers Award in the Building and Construction category.

We are looking for a Tradesperson to join our team in **Ottawa/Gatineau**, as initially part of the **Zibi** project team. Given this project's borders, the project work will be done on both Quebec and Ontario lands and will be ongoing for several years. Modern Niagara is seeking prospective candidates to support their work on the Zibi project, while simultaneously hiring for the future beyond the Zibi project.

We are currently inviting members of the surrounding Algonquin Anishinaabe and/or broader First Nations communities to apply for this new and exciting position.

The Zibi project, which is a new community-scale sustainable development is located on the Ottawa River, bordering both Ontario and Quebec. A top priority for this project is the engagement and partnership of the Algonquin Anishinaabe, making for a collaborative approach unlike any other, with a commitment to improving the way Indigenous Peoples and non-Indigenous private sector companies work together. Modern Niagara is proud to be a member of this project team and contributing to this complex and highly specialized work. Modern Niagara (MN) is a reputed mechanical, electrical, plumbing contractor that operates across Canada.

Qualifications and Experience:

Modern Niagara is a construction contractor with specialisms in commercial Mechanical, Electrical, Plumbing works. This position is available and open to both skilled trades people with technical experience and knowledge, as well as those who have limited experience and/or are looking to start a career in the construction industry.

- Of interest, but not required; Prior experience, training or interest in:
 - o HVAC technician;
 - o **OR** Pipe fitter;
 - o **OR** project coordination, project management
 - o Candidates may also have prior experience in general labour, with an interest to transition to the above fields within the operations team.
- Ability to work in Quebec and/ or Ontario
- Ability to speak French is an asset for this role, but not required
- Driven, motivated, punctual.

Live the Modern Niagara Core Values - Teamwork, Initiative, Determination, Professionalism, Passion

Please submit your resume today!

Applicants can apply by email to: careers@modernniagara.com

Please indicate the job title in the subject line, and indicate how you became aware of this opportunity.

We thank all applicants for their interest, however only those selected for further screening will be contacted.

At Modern Niagara, we value the diversity of the people we hire and serve. Modern Niagara is an equal opportunity employer. If you require accommodation during the recruitment process, please advise us so that suitable accommodations can be made.

Dream is looking to welcome its latest Intern – Development in Ottawa

Dream is always looking for the best and brightest to join its thriving community. We are currently looking for university students to join our Zibi Development team as an intern in the Summer of 2021.

Who am I?

Don't worry, we won't make you do coffee runs or photocopy. As the successful candidate you are not afraid to get out of your comfort zone, whether it is taking on new tasks or actively participating and collaborating in our meetings. You have been steadily deepening their knowledge in their field of study and wants to work with a company that has an environment where your knowledge and skills can be applied and developed.

The successful candidate wants to work on something meaningful and work with a team that is innovative, fun, and always challenging the status quo.

We want you on board because you are keen on learning from and working with our dynamic team. In other words, we care about bringing in an entrepreneurial thinker who is looking for opportunities to learn, work hard, and have fun.

What experience will I gain?

The tasks you'll be assigned will vary depending on the team you join, but here are some examples of the things you could be working on:

- Assist with development projects at our Zibi Project in Ottawa/Gatineau
- Assist and coordinate with planning, design, development analysis and market outreach.
- Assist and undertake various planning approvals, master plan studies, scenario analysis and coordination of sub-consultants.
- Maintain and enter data into our development database.
- Assist in the preparation of reports to management.
- Provide administrative support as needed.

What type of experience do I have?

In addition to your collaborative mindset and positive attitude, you need to be currently enrolled in an undergraduate or graduate program.

Who are we?

Dream Unlimited Corp. is a leading Canadian real estate company with over \$9 billion of assets under management in Canada & the US. We develop, manage, and invest in master-planned communities, income properties, and urban intensification. We proudly build communities from the ground up: from land development to buildings homes and condominiums, and from providing retail centers and driving renewable energy projects to managing assets across the country.

Our attitude and approach set us apart from our competitors. We are guided by our entrepreneurial spirit: we seize unconventional opportunities and try new things, approaching every project with passion and purpose. Our culture is important to us, so we make sure to bring on people who enhance it.

Please send your resume to careers@dream.ca with Intern – Development in the subject line.

We look forward to hearing from you, but please note; due to the high volume of applications, only candidates who qualify will be contacted.

Dream Unlimited is committed to workplace diversity and provides accommodations to applicants with disabilities throughout our hiring process

EMPLOYMENT OPPORTUNITY

Position Title: Project Coordinator

Salary: \$45,000

Tenure: Fulltime, Permanent

Department: Economic Development

Supervisor: Amanda Two-Axe Kohoko,
Consultation Coordinator

Closing Date: February 26, 2021 at 4:30pm

Summary

The Project Coordinator will be the first point of contact for interests and issues concerning AOPFN employment for program related hiring, recruitment assistance procedures, assisting AOPFN prospective hires with tasks like resume writing, training plans, monitoring, and reporting of progress toward hiring goals on the assigned projects. The Project Coordinator will be the first point of contact for interests and issues concerning Procurement and Business Development on the assigned projects. The Project Coordinator will be the first point of contact for processes in the Environmental Impact Assessment/ Regulatory review and permitting in regards to the assigned projects.

Responsibilities Include:

- Coordinate the planning and implementation of AOPFN assigned projects.
- Perform administrative functions related to AOPFN assigned projects.
- Manage Environmental Impact Assessment and regulatory review processes on assigned projects.
- Manage and implement employment, procurement, and business development provisions on assigned projects.
- Manage and develop community outreach on assigned projects (includes updating community on current projects, update website, etc.).
- Develop proposals, work plans and budgets to secure funding.
- Conducts extensive research on projects relevant to scope of work.
- Manage and organize community committee meetings on assigned projects.
- Develop briefing materials for meetings (i.e., Council, community, committee, and regular meetings) on assigned projects.
- Develop training plans and build capacity for assigned projects.

(613) 625-2800 ext. 237

Greetings Members,

We are undertaking a Knowledge and Land Use Study (AKLUS) as part of the Government of Canada's Timiskaming Quebec Dam-Bridge Replacement Project.

Algonquins of Pikwakanagan First Nation

What is a Knowledge and Land Use Study?

- Documents how we practice our traditional activities around the Timiskaming Dam and the surrounding region.
- Identifies culturally significant areas that may be impacted by the Dam replacement project.
- Helps give us a voice about impacts of the Dam and the cumulative impact of development in the region

Knowledge and Land Use Study Engagement

- 15 key Knowledge Holders from the community will be interviewed.
- Staff, Leadership and Knowledge Holders will help guide the project.
- Because of Covid-19, engagement will be done online.
- Honorariums are provided.
- The AOPFN Community Coordinator (Lucas) will assist with this project.

Please stay tuned to the Pikwakanagan website, newsletter and Facebook page for announcements related to this project.

Input from Knowledge Holders is vital for asserting our Rights!

CALL TO TENDER ANIMAL CONTROL OFFICER

Tenders for animal control services in Pikwakanagan will be accepted at the Administration Office until Friday, March 5th 2021 @ 12:00 p.m.

Responsibilities:

Civic Holiday, Labour Day, Thanksgiving, Remembrance Day & Christmas Day.

Closed between Christmas & New Year's Day

**AOPFN EMPLOYMENT
OPPORTUNITIES**

Application Procedure: Interested persons must submit a resume demonstrating how the basic requirements are met and the names and day contact telephone numbers of your three (3) most recent direct supervisors. If direct supervisor references are not available, then references that know your work may be accepted. Indicate which competition you are applying for by referencing the Position Title.

Screening Procedure: Applicants will be screened on the following: 1.) Conflict of Interest - the applicant must not be a member of the Supervisor's immediate family; 2) Resume – the content will be reviewed to ensure the applicant meets the basic requirements.

Affirmative Action Criteria: Positions may be subject to AoPFN Policy supported by Section 16 of the Canadian Human Rights Act - Aboriginal Employment Preferences Policies.

Interviews: Due to Covid-19 all interviews will be conducted virtually by Zoom. AoPFN has the right to short list for interview/assessment purposes to the five (5) most qualified persons and typically establishes an eligibility list.
