Ontario's Reopening Plan

June 14, 2021

Dear Members of Pikwakanagan:

As Ontario transitions into its newly developed reopening plan, we will continue to stay under state of emergency and follow the rules and public health measures under the province-wide emergency break. The provincewide reopening plan was launched on Friday June 11th, 2021.

The reopening plan includes 3 steps that is expected to have an interval of at least 21-days between each step, at that time an evaluation will occur along with additional wait times as required.

All reopening steps will be reviewed by the provincial government and are dependant various key public health factors including but not limited too the rate of vaccinations in Ontario, number of cases, number of hospitalizations, number of ICU beds.

Attached is a Roadmap to reopen for further information about the reopening steps and what will be permitted during those steps. This information can also be found at the following link, [Reopening Ontario | Ontario.ca](https://www.ontario.ca/en/health/reopening-ontario)

Pikwakanagan remains at zero count of COVID-19 cases. The Emergency Response Control Group (ERCG) is acknowledging the hard work and dedication the community is doing to keep our community safe. We must remain diligent in our efforts to combat COVID-19, there is light at the end of the tunnel.

We must continue to follow temporary restrictions and public health and safety measures. To ensure that we remain safe and diligent against the spread of COVID-19.

Always:

Stay home if you have symptoms, even if they are mild.

Stay two metres apart from people you don't live with.

Wear a mask or face covering in indoor public spaces or any time physical distancing is not possible.

Thank you for doing your part to keep Pikwakanagan COVID free.

Community and Status Update

The Ontario Government has announced that the province is shortening the break between the first and second COVID-19 vaccine doses as 65% of Ontarians ages 18 and over have now received their first dose. The timing of second dose appointments may vary based on local considerations, vaccine supply and the date of first dose appointments.

School Updates

Premier Doug Ford has announced that all school districts across the province will continue with remote learning for the rest of the school year. Students who are currently attending in school learning due to an accommodation may continue.

Global Update

The COVID19 Delta Variant has been confirmed in all health units in Ontario. This variant is known to be responsible for over 25% of cases in Ontario. We have learned this variant is more transmissible than the Alpha variant and the 2nd dose of the vaccine provides more protection than one dose does.

Ontario has expanded the eligibility for the COVID-19 vaccines in May. There will be millions of doses of Pfizer-BioNTech and Moderna, arriving in Ontario. They are expecting all adults to be able to register for their first doses of the vaccine by the end of May. 2nd Dose appointments are now being offered.

SAFETY OF OUR COMMUNITY

We need your help to make our community a healthier and safer place to live. Investigations are ongoing on potential illegal activities that are taking place within our community.

We are asking if you see any type of illegal activity taking place to call Crime Stoppers

1-800-222-TIPS (8477) or 613-735-8477

and report it every time you see it happening. By doing this you will be providing information that is necessary for police investigations.

The police need the support and help of the community to stop criminal activity that is putting our community at risk.

The Training & Learning Centre is cancelling all in-person classes until further notice. We can still help you on Zoom, by phone and by sending lessons in the mail. If you would like to get started with your training from home, please contact us at: **613-628-1720**.

Welcome

Hi Everyone!!!

My name is Jaime Roesler and I am the new Family Well Being Worker.

In this role, I will be assisting the FWB Coordinator and the delivery of the Family Well Being Program. With the on-going development of the Family Well Being Program, I will be assisting in the coordination of planning cultural workshops and programs to families, children and youth groups and the community.

I am very excited to be working in my community and can't wait to meet everyone.

DIAGNOSED WITH TYPE 2 DIABETES...NOW WHAT?

When first diagnosed with diabetes, a circle of care with the right people is so helpful for the necessary learning curve that comes with this diagnosis. Who should be in your circle of care?

Primary Care Practitioner: Whether this is your family Dr or your Nurse Practitioner, this is the person who answers everyday questions and refers you to different specialists if necessary.

Registered Dietician: This person will be able to design a well balanced and sustainable diet that will help in blood glucose regulation which is a key part of diabetes maintenance.

Optometrist: Regular eye exams are important as diabetic retinopathy is a condition that is a complication of diabetes. Optometrists can prescribe medications and surgeries if necessary.

Certified Diabetes Educator: A CDE is a health professional who is specially trained to work with people managing their diabetes. They will help you achieve your health goals through lifestyle modifications surrounding diet, exercise, sleep cycles, and other factors.

Patient Care Navigator/Diabetic Navigator: The Navigator will help you with your everyday management of diabetes and assist with benefits, claims, Dr and specialist appointments.

Podiatrist/ Advanced foot care Nurse: Proper foot care is so important for diabetic health. Regular footcare along with the proper training for self care is necessary for the health of your feet.

Cardiologist: Many people with type 2 Diabetes also have high blood pressure and cholesterol. All of these conditions raise the risk of heart attack and stroke. A cardiologist specializes in heart disease. They may prescribe treatment such as lifestyle changes and medication to lower cholesterol and blood pressure and reduce the risk of heart problems.

Mental Health Specialist: Type 2 diabetes can raise the risk of anxiety and depression. A psychologist, clinical social worker, or licensed counselor can diagnose and treat mental health conditions with psychotherapy. A psychiatrist can prescribe medication if needed.

Nephrologist: High blood sugar can damage blood vessels in the kidneys, which raises your risk of chronic kidney disease (CKD). A nephrologist is doctor that specializes in kidney disease and will prescribe treatments such as lifestyle changes, medication, and dialysis.

Family and friends: These are important people in your life and you are important to them. Share with them what you are going through with your diabetes. They will be your strength when you need some.

Elder: Turning towards a more traditional way of living is a helpful way of managing diabetes. Look towards elders or traditional educators to help guide you.

For more information on diabetes maintenance please contact Natalie, the Diabetic Navigator at diabetic.navigator@pikwakanagan.ca

ALGONQUINS OF PIKWAKANAGAN FIRST NATION IS PLEASED TO ANNOUNCE A NEW CHI-NODIN LIMITED PARTNERSHIP

After more than a year of sharing mostly difficult news, the AOPFN Economic Development Department is extremely pleased to announce some good news and tell you that we have entered a partnership known as Chi-Nodin Limited Partnership. This partnership is a renewable energy production sector business creating electricity through wind farm technology.

To proudly invest in renewable clean technology makes good business sense to us as we know that the world is shifting away from fossil fuels and electricity will experience an increased demand. We are also anticipating that the Province will rely on sources such as Chi-Nodin to supply electricity to the grid as their electricity production sources transition in the coming years.

Beyond the environmental benefits, through this partnership we will begin to collect revenue regularly which may be assigned to reinvest in our future through any number of opportunities such as investing in education and training, funding priorities, or creating additional partnerships in the future.

We would like to acknowledge the efforts to complete this partnership from members of Chief and Council, Economic Development, EDP Renewables, and our external professional advisors at OKT Law.

Miigwetch to everyone involved!

**AOPFN EMPLOYMENT
OPPORTUNITIES**

Application Procedure: Interested persons must submit a resume demonstrating how the basic requirements are met and the names and day contact telephone numbers of your three (3) most recent direct supervisors. If direct supervisor references are not available, then references that know your work may be accepted. Indicate which competition you are applying for by referencing the Position Title.

Screening Procedure: Applicants will be screened on the following: 1.) Conflict of Interest - the applicant must not be a member of the Supervisor's immediate family; 2) Resume – the content will be reviewed to ensure the applicant meets the basic requirements.

Affirmative Action Criteria: Positions may be subject to AoPFN Policy supported by Section 16 of the Canadian Human Rights Act - Aboriginal Employment Preferences Policies.

Interviews: Due to Covid-19 all interviews will be conducted virtually by Zoom. AoPFN has the right to short list for interview/assessment purposes to the five (5) most qualified persons and typically establishes an eligibility list.
