TORONTO Public Health

COVID-19 & Respiratory Viruses Screening Tool Next Steps

If you answered “YES” to any of the questions on page 1, follow the below instructions:

Stay Home & Self-Isolate if You are Sick:

Stay home until you have no fever and your symptoms are improving for at least 24 hours (or 48 hours if nausea/vomiting/diarrhea).

Anyone who is feeling sick or has any new or worsening symptoms of illness, including those not listed in this screening tool, should stay home until their symptoms are improving and seek assessment from their health care provider if needed.

Follow Extra Measures:

For 10 days after the start of symptoms **OR** a positive COVID-19 test (whichever came first) **OR** for 10 days after your last close contact with a person who has symptoms or a positive COVID-19 test:

- Wear a well-fitted mask in all public settings (including schools/child care, unless <2 years of age);

- Avoid non-essential activities where you need to take off your mask (e.g., dining out, playing a wind instrument, high contact sports where masks cannot be safely worn), with reasonable exceptions such as when eating in a shared space at work while maintaining as much distancing as possible;

- Do not visit people or settings (e.g. hospitals, long-term care homes) at higher risk, including where there are seniors or those who are immunocompromised.

Follow this advice even if you test negative for COVID-19 or you did not do a test.

These measures are an added layer of prevention against the spread of COVID-19 and respiratory viruses.

Follow Additional Guidance if Immunocompromised **OR** Living in a Highest-Risk Congregate Care Setting:

If residing in a highest-risk setting **OR** immunocompromised **OR** hospitalized for COVID-19 related illness, your isolation requirements may differ. See [Table 1 of the provincial guidelines](#) for additional guidance.

Follow Additional Guidance as Instructed:

If you have been told that you should be quarantining, isolating, staying at home, or not attending school or child care right now (e.g., by a doctor, federal border agent, public health):

- Follow the guidance or directions that have been provided to you.
- If you travelled outside of Canada in the last 14 days, follow federal [requirements](#) for quarantine and testing after returning from international travel.

Get Tested and Treated if Eligible:

- COVID-19 testing and treatments are available to certain groups. See [here](#) for more information.

This tool is consistent with provincial guidance: [Management of Cases & Contacts of COVID-19 in Ontario \(gov.on.ca\)](#)

Guide to Eating Ontario Fish

Guide to Eating Ontario Fish - <https://www.ontario.ca/page/guide-eating-ontario-fish>

Fish can be an important part of a balanced diet. They are a great source of high-quality protein, beneficial Omega-3 fats and other nutrients.

While eating fish is part of a healthy diet, fish can sometimes contain harmful contaminants from natural sources or human activities. Based on their size, type and location, certain fish may be more suitable to eat than others.

This guide provides easy-to-use information to help the general population and sensitive populations (for example, children under 15 years old and anyone who is pregnant or may become pregnant) choose fish caught from Ontario lakes and rivers to eat, while minimizing exposure to toxins.

We collect fish for contaminant analysis through the Fish Contaminant Monitoring Program. We assess measured contaminant levels to determine how many fish meals a person can safely eat per month for the type, size and location where the fish was caught. The type and amount of Ontario fish that are safe to eat (called "consumption advice" or advisories) are generally based on guidelines provided by Health Canada.

Visit the interactive map featuring more than 2,600 fishing locations in the province. Click on a location to check the advisories for eating fish in that area.

The Consumption Advisory has been provided for two local lakes (Golden Lake and Round Lake), as listed below:

Fish consumption advisory

The advisory tables provide fish consumption advice based on the level of contaminants found in fish according to their location, species and length.

Golden Lake

N. & S. Algona Twps., Renfrew Co. (77°19'28"N 45°33'56"W)

Consumption advisories in the tables below represent the maximum number of meals per month recommended for each species/size range indicated.

Consult the help page if you are eating multiple species of fish or fish from multiple locations.

Advisories may be provided for specific species and/or size ranges which are not legal to possess. Learn more about Ontario's recreational fishing regulations before going fishing.

Footnotes

- [1] Mercury - Mercury, is converted to methylmercury and absorbed by a fish either from water passing over its gills or it is ingested with its diet. Since fish eliminate mercury at a very slow rate, concentrations of this substance gradually increase. Fish at the top of the food web such as Walleye and Pike usually have the highest mercury levels.
- [2] Polychlorinated biphenyls (PCBs) - PCBs are a group of chlorinated organic compounds first commercially developed in the late 1920s and banned in the 1970s. They persist for decades in the natural environment and readily accumulate in the aquatic ecosystem.

Algonquin Knowledge and Land Use Study

Proposed Bisset Creek Mine Project

Urgent call for knowledge of traditional activities

The consultation department will be conducting an Algonquin Knowledge and Land Use Study in the coming weeks concerning the proposed Bisset Creek Mine Project.

The purpose of this study is to map AOPFN use of natural and cultural resources within living memory.

We are looking for knowledge holders of any traditional hunting, fishing, trapping or gathering taking place in the unceded Algonquin territory of Bisset Creek (between Ottawa and North Bay). If you are someone who has used/does use this area for traditional purposes **we want to hear from you!**

If you know of anyone who may have the knowledge we are looking for, but may not have access to this request for knowledge, please let us know so we can reach out to them personally.

All those interested in sharing their valuable knowledge of this area are asked to contact

Valerie Taggart, Project Coordinator at

projectco3@pikwakanagan.ca or (613)401-0312

Please let us know prior to March 10th if you are willing/able to contribute to this study

Community Involvement Opportunity

Veterans Chief Wendy Jocko, Algonquins of Pikwakanagan, Aurel Dube of Kitigan Zibi Anishinabeg First Nation, Base Commander Colonel John Vass, and Curator Ainsley Christenson are striving to create an exhibit that reflects Algonquin participation in military service, Algonquin history and highlight other Indigenous Veterans.

I am a research consultant and volunteer helping with this project. I am seeking your stories, documents and photos of family members who served in the military (WWI, WWII Korean War, and more recent service). We intend to create an exhibit and a book listing all Algonquin warriors and veterans.

Notice to the Community – Health Services Addictions Worker

Please be advised that the current Health Services Addictions Worker, Matt Hutten, will no longer be available for services effective immediately. Matt has provided excellent service to community members and we thank him for his dedication and time spent working in Pikwakangan. Health Services is working diligently to accommodate the clients and families that currently access services through the Addictions program. We're hopeful that we'll be able to recruit a new Addictions worker as soon as possible.

Please find below information on local services that will be able to assist the community in the interim:

Addiction Treatment Services – 613-432-9855

Pathways Alcohol and Addiction Treatment Services – 613-432-8573

Health Services will be continue to provide the community with safe supplies and Naloxone kits, upon request.

We appreciate your patience and understanding.

AOPFN EMPLOYMENT OPPORTUNITIES

Application Procedure: Interested persons must submit a resume demonstrating how the basic requirements are met and the names and day contact information of your three (3) most recent direct supervisors. If direct supervisor references are not available the references that know your work may be accepted. Indicate which competition you are applying for by referencing the Position Title

Screening Procedure: Applicants will be screened on the following: 1) Conflict of Interest - the applicant must not be a member of the Supervisor's immediate family; 2) Resume - the content will be reviewed to ensure the applicant meets the basic requirements.

Affirmative Action Criteria: Positions may be subject to AOPFN Policy supported by Section 16 of the Canadian Human Rights Act - Aboriginal Employment Preferences Policies.

Interviews: AOPFN has the right to short list for interview/assessment purposes to the five (5) most qualified persons and typically establishes an eligibility list.
